

Bagwell Farm Touring Park

Working With Nature

We at Bagwell Farm Touring Park believe in to doing all we can to help to protect and sustain our local environment. We would prefer to enhance rather than spoil our natural surroundings.

We hope that taking an environmentally and socially responsible approach will result in

- 🌿 a better holiday experience for all our customers,
- 🌿 a better working environment for our staff,
- 🌿 a positive effect on our local communities and
- 🌿 a better habitat for our wildlife

both now and in the future.

You can help support this approach while you are here – just by doing the things you’re probably already doing at home.

We ask you to try to

- 🌲 Save energy – turn things off when you are not using them (and don’t leave things on standby)
- 🌲 Recycle as much of your rubbish as you can.
- 🌲 Have one or more “Car Free” days – walk, cycle or take the bus – see our information folder in reception for lots of ideas!
- 🌲 Respect Nature – make sure your litter goes in the bin, guard against fire and keep your dog on a lead.
- 🌲 Shop Local – try local products from local businesses.... It all helps to keep our area special

Ask a member of the reception team for more information about our “green projects” – or look out for the posters around the park.

Have a great holiday – and thank you.
